

Sunpark RT7 LED Disk Light

Sunpark RT7 LED Disk Light. The Sunpark RT7 is designed for interior or exterior applications at residential and commercial locations, and is a great alternative to traditional surface mount ceiling lights. The slim mounting allows for installation in lower ceilings. The slim ceiling mounted fixture is ideal for dry, damp, or wet locations and provides uniform light distribution. Multiple lighting color temperatures give users options for different applications while maintaining the same aesthetic. The satin nickel finish is also available with Sunpark's vanity lights and wall sconces, so the aesthetic of your home between rooms will be cohesive. Installation is traditional, quick and easy.
