

Portor PT-FLT LED Flood Light

Portor PT-FLT LED Flood Light. The PT-FLT is ideal for outdoor wet locations at multifamily, commercial, industrial, and residential applications. This fixture is suitable for facades, outdoor signage, buildings, shopping centers, industrial areas and other outdoor places where spot lighting is needed. The PT-FLT has a broad beam to light up dark areas around the home or business. The bright white beam is comparable to the brightness of daylight. Portor offers the PT-FLT with higher lumen counts that are capable of cutting through inclement weather like heavy rain and fog, making them a perfect option for businesses and commercial buildings in harsher climates where snowfall is greater, or locations where outdoor work is required no matter what the conditions.

Features

Construction- Die-cast aluminum housing sealed by a silicone ring that makes the fixture waterproof.

Electrical- Luminaire is built with high quality 100-277VAC universal drivers.

Optical System- Robust glass lens designed to reduce glare and improve light distribution through precision formed lens optics.

Certification- ETL Listed for Wet Location, FCC, RoHS, CE, IP65 Rated

Specifications

Wattage: 50W | 100W | 150W

Delivered Lumens: 6274Lm – 20970Lm

Efficacy: 130 L/W

Voltage: AC100-277V

CCT: 5000K

CRI: >80

IP Rated: IP65

Dimmable: Yes

Finish/ Material: Aluminum/ Tempered Glass Lens

Beam Angle: 60°/110°

Average Hrs: 50,000

Warranty Time: 5 Years
