

90680X – WIDE SLIDE DIMMER

This is the wide slide dimmer. **Check out the Pass & Seymour products.**

- LEED Contribution
 - Maximum ratings are for continuous full load.
 - RFI suppression built in.
 - Full-On bypass.
 - Preset ON/OFF switch automatically returns controlled lights to preset level without readjusting dimmer setting.
 - 600W maximum rated dimmers can be ganged without de-rating.
-

90681X – WIDE SLIDE DIMMER

This is the wide slide dimmer. **Check out the Pass & Seymour products.**

- LEED Contribution

- Maximum ratings are for continuous full load.
 - Many 1000W models fit standard Decorator plates.
 - RFI suppression built in.
 - Full-On bypass.
 - Preset ON/OFF switch automatically returns controlled lights to preset level without readjusting dimmer setting.
 - 600W maximum rated dimmers can be ganged without de-rating.
-

90683X – SLIDE DIMMER

This is the slide dimmer. **Check out the Pass & Seymour products.**

- LEED Contribution

94003X – ROTARY FAN SPEED CONTROL

This is the rotary fan speed control. Since the development of variable fan speed controls, many fans have made an annoying humming noise when their speed was reduced. Through the use of specially designed capacitive circuitry, these units can control fans at 3- or 4-speed levels in slide, rotary, and dual styles with virtually no fan motor noise. **Check out the Pass & Seymour products.**

94004X – ROTARY FAN SPEED CONTROL

This is the rotary fan speed control. Since the development of variable fan speed controls, many fans have made an annoying

humming noise when their speed was reduced. Through the use of specially designed capacitive circuitry, these units can control fans at 3- or 4-speed levels in slide, rotary, and dual styles with virtually no fan motor noise. **Check out the Pass & Seymour products.**

94084X – WIDE SLIDE SERIES FAN SPEED CONTROL

This is the wide slide series fan speed control. Since the development of variable fan speed controls, many fans have made an annoying humming noise when their speed was reduced. Through the use of specially designed capacitive circuitry, these units can control fans at 3- or 4-speed levels in slide, rotary, and dual styles with virtually no fan motor noise. **Check out the Pass & Seymour products.**

94301X – ROTARY FAN SPEED

CONTROL

This is the rotary fan speed control. **Check out the Pass & Seymour products.**

- Full range speed control.
 - Utilizes standard toggle wall plates.
 - 100 percent tested for symmetry for extended fan life.
 - Ground lead provided.
 - Ferrite bar coil choke for excellent RFI suppression.
-

94315X — ROTARY DUAL FAN SPEED/DIMMER CONTROL

This is the rotary dual fan speed/dimmer control. **Check out the Pass & Seymour products.**

- Fits one gang box.
- Controls both fan speed and light level.
- Decorator styling.

94581X – WIDE SLIDE SERIES FAN SPEED CONTROL

This is the wide slide series fan speed control. **Check out the Pass & Seymour products.**

- Full range speed control.
- Compatible with Decorator wall plates.
- 100 percent tested for symmetry for extended fan life.
- Ground lead provided.
- Ferrite bar coil choke for excellent RFI suppression.

97030X – WALL BOX DECORATOR ROTARY TIMER

This is the wall box decorator rotary timer. **Check out the**

Pass & Seymour products.

- Units with "Hold" feature may be turned counter-clockwise to hold the load on without timing function.
 - Turning clockwise causes unit to time load off after desired time delay.
 - Quiet operation.
 - Time range from 5 minutes to 12 hours.
 - Available with or without hold.
 - Decorator styling.
 - Easily installed.
 - Large head screw terminals.
 - Accurate to +/- 5 percent.
 - Motor rated.
 - Energy saving.
-

CD-1100X – TITAN SERIES INCANDESCENT DIMMER

This is the Titan series incandescent dimmer. **Check out the Pass & Seymour products.**

- Field configurable wall plate system.
- Labeling system.
- Adjustable top end output voltage.
- Shipped with protective film.
- Rugged construction.

- Superior ratings with a minimum of de-rating when ganged.
 - Simple to plan the rough-in.
 - Available in single pole slide-to-OFF and single pole/3-way preset models.
 - Attractive European styling.
 - Eye-catching packaging.
 - Exclusive adaptor kit to install other Decorator opening devices under the Titan™ wall plate system.
 - Blank center plate included.
-
